## COLLEGE OF ALLIED HEALTH SCIENCES

Affiliated to Kerala University of Health Sciences and approved by Govt. of Kerala

### ALUMNI ACTIVITIES - CLOCK

The Alumni Association of KMCT College of Allied Health Sciences (KMCT CAHS) continues to demonstrate its strong bond with the institution through meaningful contributions and active engagement. In a recent gesture of gratitude and commitment to the college's growth, the Alumni Association generously donated a wall clock to the college. This symbolic yet practical gift was officially handed over in a brief ceremony held on campus.

The clock was formally received by the Principal of KMCT CAHS in the presence of the Heads of various departments (HODs), signifying the unity and shared vision between alumni and current academic leadership. The event served as a reminder of the lasting connection that former students maintain with their alma mater, and their ongoing efforts to support and enhance the academic environment for current and future students.

Such contributions reflect the alumni's pride in their educational foundation and their dedication to giving back to the institution that played a significant role in shaping their careers. The ceremony also reinforced the importance of alumni involvement in college initiatives, strengthening institutional values and fostering a sense of community across generations of students and faculty. The event concluded with expressions of appreciation and encouragement for continued alumni engagement.
